

A Private Members Club

Your Club. Your Space. Your People.

Club Nocturne is a Private Members Club designed for those who value space, discretion, and intelligent company. Set within **Atelier** on the 2nd Floor of Maison Carlton, Club Nocturne is your personal club room; **a place to work, connect, and belong.**

This is not a co-working space. It is a members' environment curated for entrepreneurs, leaders, creatives, and those building something worth talking about.

Membership

£300 per month

Your membership grants you access to Atelier, the private Club Nocturne floor at Maison Carlton, with the flexibility, privacy, and level of service expected from a premium Private Members Club.

The Space

As a member, you have access to:

- **The Club Lounge**
A refined, comfortable space to work, meet, think, or simply be present.
- **Workstation Desks**
Book a desk for the day when you need focus without distraction.
- **The Board Room**
A dedicated meeting space, available to book for strategy sessions, presentations, or private discussions.
- **The Club Kitchen**
Complimentary tea, coffee, fruit juices, and a well-stocked snack and fruit bar — available throughout the day.

This is your personal space, shared with like-minded individuals who value ambition, discretion, and quality.

Club Nocturne is open Monday - Saturday from 09:00am to 11.00pm.
